

**Antarctic Treaty Exchange of Information**  
Annual Report: 2010 / 2011 Season  
**Canada**

**Summary of activities:**

This is the Annual Report of all activities in the Antarctic by parties sanctioned by the Government of Canada to be submitted to the Antarctic Treaty Secretariat. The information contained within this document is part of the Annual Exchange of Information requirements, as outlined in Resolution 1 (2005) of the Antarctic Treaty. The format used to indicate all of the land-based activities of a party during an Antarctic voyage come from a template made by IAATO (International Association of Antarctic Tour Operators).

This season, the three parties – Gap Expedition, Students on Ice and One Oceans - had been issued Antarctic travel permits executed a total of 23 separate voyages into Antarctic territory. All of these voyages were for the purposes of tourism and education.

All permitted expeditions reporting during the 2010/11 Antarctic travel season indicated compliance with their permit conditions. Canada was not made aware of any permit violations from international authorities.
